

## Player Code of Ethics

Athletics play an important role in my education and personal development. I can use it to develop leadership skills and Godly character. I will make every effort to *demonstrate* the highest standard of excellence and Christian character.

With God's help, I will strive to:

- Continue to follow all CCS school rules and encourage my teammates to do the same.
- Practice honesty and integrity when working with other players and coaches.
- Treat all players and coaches equally, regardless of gender, ethnicity or cultural background.
- Respect the privacy and boundaries between myself and other players and coaches. I will not behave in a way that is hurtful to players and coaches. I will not share information that should remain confidential.
- Demonstrate high personal standards and a Christ-like image to the parents, fans, officials, coaches and media.
- Do my best to learn my sport and I will use good judgment to be safe when practicing.
- Accept responsibility for my behavior. I will follow this code of conduct and encourage my teammates to do the same.
